Northern California Coast Multisport

If you would like to experience the California coast by more than just foot, this is the tour for you. Hike, mountain bike, sea kayak and horseback ride through forests of giant redwood trees and along the dramatic Pacific coast.

Highlights:

- Hiking and mountain biking
- Sea kayaking and horseback riding
- Point Reyes National Seashore
- Dramatic Pacific Ocean Seascapes
- Historic Mendocino

What to Expect:

Our tour begins with three nights at the edge of unspoiled Point Reyes National Seashore. While in Point Reyes, we will hike on the beach, horseback ride through the dramatic coastal forests and sea kayak on Tomales Bay.

Each day will offer new delights in terms of both scenery and adventure. Then we head north towards Mendocino, a picturesque town perched on the bluffs above the Pacific Ocean. We will continue our adventure with a hike on the beach and a mountain bike ride through the giant redwoods.

No experience is necessary but if you do have experience, our two guides will accommodate different levels for each activity. All ages will enjoy this spectacular tour through one of our favorite parts of California.
